BIOGRAPHY

I'm a student studying Computer Science and Engineering at Union College in Lincoln Nebraska. I am originally from St. Helena, California, where I was born and raised. I also spent time living in Germany from 2001-2005 when I was a child. When I'm not in school or working, I enjoy playing drums with my local band The Zooeys. My other hobbies include downhill skateboarding, music production, and photography.
